Education

Turah Dorsey & Laura Perillo, *Chiefs of Education*

Cabinet Mission

The Education Cabinet will be responsible for Boston's education landscape and tasked with crafting and executing an education agenda for the City. From early childhood education, to kindergarten, to junior high, to higher learning institutions, to educations for seniors. The cabinet will implement the vision for academic excellence across the City.

External Funds Projects

Formula Grants

Project Mission

Formula grants are funds received through federal or state programs that provide assistance for educational services for low income, minority, and special needs students. Levels of funding are established through a predetermined formula that considers the amount of legislative appropriation and the number of students eligible for the program. Federal formula grants include the Title I, Title II, and IDEA grants. MCAS support/Academic support is a state formula grant.

Competitive Grants

Project Mission

Competitive grants are funds received through open competition with other school districts and non-profit organizations. The grant providers establish the levels of funding. The use of these funds is determined through local planning, which typically aims to advance local priorities while meeting the funding requirements.

Reimbursements

Project Mission

Reimbursement funds are resources received by the local school districts as compensation for costs incurred by certain programs. Reimbursement programs include the Department of Agriculture’s School Lunch Program and Summer Food Program.

Revolving Funds and Other Grants

Project Mission

Additional resources are received through revolving funds and other grants. These include funds raised through the Boston Education Development Foundation, and the Homeless Student Initiative.

Boston Public Schools Capital Budget

Overview

Boston Public Schools is entering Year 2 of BuildBPS, the District's 10-year educational and facilities master plan. BuildBPS will transform the way the District and the City plan, build, and renovate school facilities. Boston is on track for its planned \$1 billion investment in schools over the next 10 years, with \$730 million coming from City borrowing. In FY18, the City will invest nearly \$100 million in Boston Public School facilities and technology.

FY19 Major Initiatives

- The new \$73 million Dearborn STEM 6-12 Academy will open to students in September 2019. The City and District have partnered with the MSBA in the development and funding of this new school.
- The City will begin final design and site work on the new \$124 million Boston Arts Academy building, funded in partnership with the MSBA.
- Kitchen upgrades at 25 schools located in East Boston, Mattapan, and Roxbury will occur this summer to enable implementation of the "My Way Café", an innovative fresh food program that will launch in early fall 2018 in partnership with the Shah Family Foundation.
- Through the BuildBPS 21st Century Fund, every school will choose from among new technology and comfortable, moveable furniture options that promote learner-centric programs, and provide greater flexibility in current and future learning spaces.
- Funding has been set aside for future projects coming out of the BuildBPS engagement process and accelerated repair partnerships with the Massachusetts School Building Authority (MSBA).
- BPS will continue upgrading school building security with expanded card access systems, re-keying doors, installing cameras at entrances and other critical areas, installing motion detectors, and other related improvements.
